Professional Wireless Security System

The complete security and home management system

PSA Products introduces a revolution in wireless security - infinite - the complete residential security and home management solution. Based on an encrypted FM wireless platform, the infinite system incorporates GSM/SMS, RS-232, PSTN & TCP/IP communication capabilities and intelligent home automation functionality, with no external modules required. Having all system modules available in one box makes infinite the ideal solution for residential and commercial markets.

The infinite platform combines today's ever-growing need for security with the desire for a comfortable yet

easy-to manage living environment, providing users with global connectivity to their homes from any remote location. With its interactive menu-driven programming, uncompromising reliability and superior false alarm immunity, the infinite is as easy to install as it is to use.

The infinite GSM interface enables remote connectivity to the home via cellular networks. Users can receive instant up-to-date messages on their mobile phone, providing notification of events that have occurred within their system.

SMS commands can be sent to the system to control the heating, lighting and the rest of the users' living environment, by using the HAM module.

The complete security and home management system

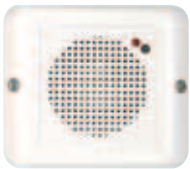

- 1 infinite Control Panel**
- 32 wireless zones
 - 8 wireless keyfobs
 - 4 wireless keypads
 - 32 user codes
 - 256 event log with time/date stamp
 - Programmable output
 - Hardwire zone
 - Full, Part, and Perimeter arming modes with separate Entry/Exit delays and Arm/Disarm tones

- 2 ELREP Repeater**
- Extends the range between the control panel and wireless detectors
 - Ideal for problematic reception areas; attics, basements and cellars
 - Easily installed and aesthetically infinite Control Panel appealing

- 3 ELWKP Wireless Keypad**
- Remote control of 16 Home Automation devices
 - One-touch Full/Part/Perimeter arm
 - Panic alarm function
 - Battery status indicator
 - Built-in sounder

- 4 EL3622MS External Speaker/Microphone Module**
- Plugs in to infinite main board using RJ-11 connector
 - Up to 60m/198ft cable run
 - Operates in parallel with or instead of infinite internal Speaker/Microphone

- 5 EL2626AC Wireless Siren**
- Slim line design
 - 118db variable pattern sounder
 - Built-in flash strobe
 - Alarm memory

- 6 EL2606 Wireless Glassbreak Detector**
- Acoustic glassbreak with superior detection and false alarm immunity
 - 6m radius coverage with auto test
 - End user "hand clap" sensor verification
 - Recognizes actual pattern of breaking glass accross full audio band - detects through blinds & curtains
 - Lithium battery powered with low current consumption (10µA standby)

- 7 EL2600PI Wireless Motion Detector**
- Pet Immune 12m x 12m, 40' x 40'
 - 23 kg/50 lb Full Area Vision pet immunity
 - Microprocessor based signal processing
 - Adaptive temperature compensation
 - Superior RFI/EMI immunity
 - Selectable pulse count and LED indicator
 - Lithium battery powered with very low current consumption (6µA standby)

- 8 EL2650 Wireless Motion Vector Analysis Sensor**
- Patented Motion Vector Analysis technology in aesthetic Arrow housing
 - 9m curtain coverage
 - Microprocessor based signal processing
 - Ceiling or wall mount
 - Adaptive temperature compensation
 - Superior RFI/EMI immunity
 - Selectable LED indicator

- 9 EL2601 Wireless Magnetic Switch**
- Compact aesthetic design
 - Wired Alarm input in EL 2601
 - Lithium battery powered with very low current consumption (7µA standby)

- 10 EL2611 Wireless Panic Button**
- Water resistant
 - Pendant/Keychain option
 - Aesthetic design w/ oversized pushbutton current consumption (7µA standby)
 - Fixed transmission time guards against battery drainage

- 11 EL2614 Wireless Multi-function Keyfob**
- Compact, sleek design
 - 4 buttons, 5 programmable functions
 - Aesthetic design w/ oversized pushbutton current consumption (7µA standby)
 - Fixed transmission time guards against battery drainage

- 12 ELREM Wireless Remote Control**
- Portability, convenience & comfort of use novel to the security industry
 - Perform system commands from around the premises - Arm/Disarm, Home Automation, Panic
 - Ergonomic, aesthetic design
 - Wall mount option
 - 9V alkaline battery powered
 - Battery status indicator

Part Number:		Part Number:	
ELKIT01	Infinite Kit, Local control panel, 2 x keyfob's, 2 x motion detectors	EL3622MS	External Speaker/Mic. Module
ELHAM	Infinite Home Automation Module	ELRS232	Infinite RS232 Interface Card
ELGSM	Infinite Cellular Module	ELREP	Wireless Repeater
ELDIALLER	Infinite PSTN Module	ELBATT	Battery Pack
